Annual Inspection

The results of our annual inspection this year were literally “outstanding”. We first want to thank Commander Carla C. Blair (USN) for coming out to perform our annual inspection.

Our Cadets worked very hard in preparing for this inspection and it paid off by receiving an overall “Outstanding” performance. Let it not go by without saying “thank you” to our very own A. G. Carbajal, 1stSgt, USMC (Ret.) and LCDR Armand O. Arce, USN (Ret) for leading our cadets in this wonderful program.

Cadet Spotlight

By Hope Toben, Operations Officer

Cadet Seaman Daniel Roberts has proven that a person’s strength can be shown beyond physical appearance. This young man can be seen every morning at 7:30 perfecting his skills on our rifle and color guard teams. Roberts works hard to show that his small size does not limit him.

Cadet Petty Officer Third Class Tyler Rizzo is always 100% committed to our unit. This Cadet’s commitment can be seen at every drill practice, color guard practice, marksmanship practice, and unit event. Rizzo’s dedication to our unit shows great leadership.
